

SHS-83/SHS-83U

SPEC SHEET

Professional Headsets for Language Learning

The SANS SHS-83 Series Headsets provide clear, precise, sound quality essential for language learning. Ambient noise is diminished enabling students to focus on activities that develop listening and speaking skills. The combination of peak performance and quality design make these headsets a great choice for active language labs.

- Stereo Headset with Excellent Sound Quality
- Pivoting Microphone Boom for User Comfort
- USB or Analog
- USB includes Chipset/Drivers for the Sony Virtuoso™ and Soloist® Software
